

JOHN PHOENIX VS ARCHIVE OF OUR OWN (AO3) By dakoolguy

One day after finishing his chores (defending people in court, which was a chore because the cases were so simple and boring a baby could solve them), John Phoenix went to his friend dakoolguy's house to hang out, but when he knocked on the door Edgeworth answered.

"Oh hello John Phoenix" said Edgeworth. "dakoolguy is crying in his room and won't come out."

So John Phoenix and Edgeworth went to the bedroom to investigate. John Phoenix rapped on the door.

"dakoolguy, what's wrong?"

"GO AWAY" sobbed dakoolguy. "I'm never coming out again!"

Edgeworth gave John Phoenix the key to the room and he tried to turn it but dakoolguy held the lock in place and stopped the key from turning.

"This is childish," said Edgeworth. "It's okay" said John Phoenix. "I know how to solve this puzzle, TAKE THAT!" He presented a wrench and used it to turn the key while Edgeworth turned the doorknob and opened the door.

PUZZLE SOLVED

Once inside John Phoenix went over to the computer and saw why dakoolguy was upset, he was unfairly banned from Archive of Our Own and accused of spamming!

"This is a disgrace," said John Phoenix. He took out his cellphone. "We must sue AO3 at once!"

AT COURT

"Court is now in session for the trial of AO3," said the judge.

Phoenix Wright was representing AO3. "Don't worry John Phoenix I hate AO3 as much as you do, I will help you get your guilty verdict."

"That's nice, but I don't need your help," said John Phoenix. "I call Azarias to the stand!"

The evil admin took the stand. "Name and occupation." John Phoenix slammed his desk. "NOW!"

"Azarias, my occupation is admin who has 'AO3 Policy & Abuse' under my name in my email to dakoolguy."

"Is it true you unfairly banned my client forever?" asked John Phoenix.

"No. It was fair. After the end of dakoolguy's temporary suspension, he immediately returned to posting and reposting the same works multiple times in order to 'own' the 逆転裁判 Gyakuten Saiban Ace Attorney fandom tag. During his suspension, he also made several sockpuppet accounts in order to post those same works again, evading your temporary ban."

Azarias continued.

"He bragged about his intention to do this on his personal forum at ([http://web.archive.org/web/20200517001947/https://www.fanfiction.net/forum/The-Official John-Phoenix-Fan-Forum/225981/](http://web.archive.org/web/20200517001947/https://www.fanfiction.net/forum/The-Official-John-Phoenix-Fan-Forum/225981/)), and indeed he behaves in the same manner in the Ace Attorney fandom category on that website. While the administrators at may tolerate such behavior, we do not. He was given an opportunity to comply with the AO3 Terms of Service and chose not to take it. Our decision is final, and further appeals will not receive a response. Further attempts to evade his ban will be permanently suspended without notice."

"OBJECTION" said John Phoenix. "He didn't repost the same work multiple times. Those stories were NEW and they were each only published ONCE!"

"ACK" said Azarias, and their lifebar depleted. "W-well, he was still s-spamming, so the ban was justified."

"OBJECTION" said John Phoenix. "No. Posting four unique works in a row is NOT spamming. Besides, if that's against the rules, then why wasn't that guy who posted his weird incest fic in 5000 separate installments banned too?"

"That's because AO3 loves incest AHHHHHHHHHH I didn't mean to say that!" The lifebar went down again.

"Incest isn't all AO3 loves," said John Phoenix. He presented the default tags on AO3.

"Huh well those seem normal," said the Judge. "Major character death, extreme violence, GOOD LORD WHAT IS THAT?!"

One of the default tags was "underage"!

"It's simple Your Honor, AO3 explicitly allows underage sex on their website, WHICH IS ILLEGAL!"

The judge gave AO3 a double penalty for allowing pedophilia and now Azarius only had a one pixel line of their lifebar left!

"B-b-b-but harassment!" sputtered the evil admin. "He harasses people! I was right to ban him!"

"OBJECTION shut up" said John Phoenix. "No. You are wrong. He doesn't harass people. That's wrong. The 'harassing material' (it wasn't harassment) was removed prior to my client's suspension ending. Meanwhile, YOU yourself are leading a harassment campaign against my client!"

"WHAT NO I'M NOT" said Azarius.

"Yes you are, and I have proof!" John Phoenix presented the fingerprints from the "post review button" on dakoolguy's stories. "The fingerprints match the ones on the email you sent to dakoolguy."

John Phoenix threw out his finger. "You, Azarius, were actually 'Guest' all along!"

"NOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO" The lifebar exploded and the evil admin was flung through the ceiling and into jail!

"Good work John Phoenix" said the Judge. "dakoolguy's ban was clearly biased and unfair. I sentence AO3 to death!"

Everyone cheered! Later, in the lobby, dakoolguy and John Phoenix met with Zack, the king of Fanfiction dot net.

"Thanks for taking down that shit site, John Phoenix" he said "From now on John Phoenix stories will have protected status on here. The admin team has your back!"

And so the day was saved and Archive of Our Own was arrested for incest, pedophilia, and being unfair.

"Who wants celebration cake?" asked Uncle Phoenix. He pushed a cart into the room. He lifted the cover of the platter and underneath was...

"DYLAN FITCHAR?!" "OBJECTION!" cried John Phoenix and beat up Dylan for eating his cake
