

JOHN PHOENIX VS R/ACEATTORNEYCIRCLEJERK

By dakoolguy

One day a completely innocent man was tending to his humble garden. Suddenly his grandma stepped out from the house onto the porch.

"dakoolguy!" she called.

"What is it, grandmother?" asked dakoolguy, looking up from his labors. "Do you need me to read you the next chapter of John Phoenix Vs Kumar Timalisina?" dakoolguy's grandmother had cataracts and had trouble reading anything but very large print. dakoolguy usually printed out the chapters of his many famous stories in huge print for his grandmother's enjoyment, but recently the printer broke.

"No, it's..." her voice faltered. "It's Reddit, dakoolguy. There saying bad things again."

dakoolguy's muscles tensed up. He clenched his fists and slowly rose to his feet.

"Let me guess... r/AceAttorney?" This story takes place in the real world so r/AceAttorney was still alive. The conclusion to the r/AceAttorney trilogy is coming any day now btw.

"No, it's worse, it's r/AceAttorneyCirclejerk," said grandma. "They're telling lies."

dakoolguy threw his gloves to the ground in anger and took out his phone. "Don't worry, grandma," he said. "We shall sue r/AceAttorneyCirclejerk at once."

...

"Hello? John Phoenix?"

The next day

Slam! "Court is now in session for the trial of dakoolguy Vs. r/AceAttorneyCirclejerk. The plaintiff is suing Reddit for saying bad things and causing him emotional distress. Are the attorneys ready?"

"The defense is ready," said John Phoenix.

"Don't worry John Phoenix the prosecution hates r/AceAttorneyCirclejerk as much as you do," said Apollo Justice. "I will help you get your guilty verdict."

John Phoenix called r/AceAttorneyCirclejerk to the stand.

"Your guilty you said bad things about my creator your going to jail" said John Phoenix.

"NO I DIDN'T YOUR LYING" screamed the stupid subreddit with diseases.

"OBJECTION no I'm not. I have a piece of evidence of paper that proves you did it."

He presented the printout of the bad things in question.

"Anyone else sick of john Phoenix story's? Like its legitimately becoming annoying having to scroll past low quality john Phoenix shit post trying to find actually good content"

John Phoenix slammed his desk. "Reddit clearly trolled my client! Arrest him now!"

"Wait! You can't arrest me for saying one bad thing!"

John Phoenix smirked. "No, but I can arrest you for saying two bad things, TAKE THAT!"

"Use AO3 he tried doing it there but got banned lmao"

"What's so bad about that?" asked the judge. "He did get banned."

"OBJECTION" said John Phoenix. "But that quote is even more worthy of life in prison than the last one, BECAUSE IT'S A LIE"

r/AceAttorneyCirclejerk was crying and his filling his diaper. "NO IT'S TRUE YOU DID GET BANNED" "OBJECTION NO" said John Phoenix.

"YOUR LYING BECAUSE YOU SAID DAKOOLGUY GOT BANNED FOR 'DOING IT THERE' BUT DAKOOLGUY DIDN'T GET BANNED FROM AO3 FOR 'SPAMMING', YOUR LYING"

"Hmm do you have proof that your client was banned for another reason?" asked the judge.

"Yes," said John Phoenix. "I have the best proof there is... eyewitness testimony! I call dakoolguy to the stand!"

dakoolguy took the stand and testified about his innocence.

"That was an unfair ban! I was innocent! The Admin (who I sent to jail in my story where I sued Ao3 btw, lol get owned) claimed that after my suspension I continued to republish the same stories over and over again so they'd be permanently at the top of the queue.

BULLSH*T!

I published four NEW stories and also republished a story that was deleted, not due its content, but due to its description that poked fun at Jordan Phoenix... who the John Phoenix Fandom recently exposed for plagiarism/incest/transphobia/homophobia, pedophiliac stories, etc., etc.. And yet for some reason HER stories are aloud to stay up?

Anyway, some TROLLS might claim publishing four low-effort stories at once (they were extremely high efforts) could be considered 'spamming', but that's not the reason the Admin gave, THEY LITERALLY LIED! There are multiple witnesses who can attest to the fact that I did NOT republish the same stories over and over again after my suspension ended. I believe the real reason I was banned by this Badmin is threefold.

First, there jealous I invented John Phoenix and they didn't.

Second, one of my new stories was about Natan Ingram (pedophile) and the description said to leave a kudos if you hate him and think he should be arrested. Well, as we all know, AO3 has 'underage' as a default tag. This clearly means Ao3 not only condones pedophilia, but actively encourages it, because they're making it easier for pedophiles to

share stories with each other. The admins probably identify with Natan Ingram and lied about me spamming as an excuse to get rid of me.

Three, I was literally being stalked/doxed by the admin in question. They admitted to reading my forum and made snide comments about my holy quest to control the FFN Ace Attorney section. Um my forum is for John Phoenix fans only? Your not aloud to read it? Bitch? Leave?

In conclusion, the admin's illegal banning was fueled by a personal hatred of me, John Phoenix, and my forum. I was initially not given a reason for my ban; when I asked for clarification, the admin gave me a totally false reason, and said they wouldn't reply to any more emails, thus not giving me a chance to defend myself!"

After the testimony ended, Apollo Justice cross-examined dakoolguy, and he couldn't find any contradictions, therefore everything he said was true. Other famous authors such as the President of the Ace Attorney Fan Fiction Community were called to the stand and testified that they also witnessed dakoolguy being innocent and not breaking any of the rules.

After the testimonies, John Phoenix addressed the judge with his closing remarks.

"Your Honor, allow me to paint a portrait of what happened, in a few broad strokes.

My client was banned without any specific reason.

He asked why he was banned, only to be given a total asspull reason by the badmin.

After given this reason, he was refused an opportunity to defend himself or refute the charges.

This is totally unprofessional behavior on the admin's part; banning someone without reason, having to be emailed before even giving a (demonstrability false) reason, and then MOCKING dakoolguy's forum and refusing to allow dakoolguy to defend himself?

Archive of Own is pedophiles.

I rest my case."

The gallery broke into rapturous applause. A beam of light shined through the window at John Phoenix's back, creating a shimmering halo behind his head, and metaphorically showing that he was smart and correct and that God was on his side.

The Judge slammed his gavel. "This trial has gone on far enough. I see no room for misinterpretation of the metaphor. John Phoenix, you have revealed the true nature of dakoolguy's ban to me. I used to think he was banned for spamming, but in truth, he was banned for many other different reasons. dakoolguy literally did not even do anything wrong. I find r/AceAttorneyCircleJerk guilty of trolling, saying bad things, misrepresenting the nuances of dakoolguy's ban, and being bad."

Gavel!

"Yay whew hew confetti!" yelled the gallery.

"NOOOOOoooooooooooo" whined r/AceAttorneyCircleJerk. He was crying salty tears of rage. "Y-y y-y-you can't put me in jail just because dakoolguy saw someone talking about him on reddit! That's not fair!"

"You're right" said the judge. "That's why you're being executed instead. Take him away!"

r/AceAttorneyCirclejerk was dragged kicking and screaming out of the court while everyone pointed and laughed.

Defense lobby

"Thanks, John Phoenix," said dakoolguy. "r/AceAttorneyCircleJerk's comments really got to me. I started having intrusive OCD thoughts about how that anthropomorphized subreddit trolled me all day." There were faint gunshots in the distance. "Perhaps now that r/AceAttorneyCirclejerk is dead I'll be able to start putting my life together again."

"Just remember, dakoolguy," said John Phoenix sagely, "trolls thrive off attention. When they leave mean comments like that they're just trying to bait you into a reaction. Don't give them the satisfaction. It's what they want."

And so John Phoenix, dakoolguy, the judge, and Apollo Justice left the courthouse, having learned an important lesson. They saw Archive of Our Own crossing the street carrying groceries.

"TROLL! TROLL! TROLL! TROLL!" they screamed and pointed. Windows flew open and people got out of their cars and started beating up AO3. dakoolguy snapped a picture of AO3's body so he would always have a memento to remember this day and its important life lessons by.

THE END
