John Phoenix: Ace President by HoboSeven

By HoboSeven

John Phoenix was watching TV when he saw Joseph Biden was about to become president of the United States of Los Angeles He was the president elect so he was going to take the office in a couple of days However John Phoenix did not like Biden but he also did not like Trump So he decided to investigate why Biden was president even though nobody likes him He grabbed his green coat and his shiny attorneys badge and declared that he would find the truth

John Phoenix went to the first area to investigate and the police were already there investigating He looked for the inimitable man he knew as Herlock Sholmes Herlock Sholmes then approached him in a slow but polite and gentlemanly manner

"Hey my good fellow" said Sholmes

"Hi Sholmes Im here to investigate Biden"

"Elementary, so Biden was voted for president but we think the votes were forgeries because there are 7 billion people in the world but as weve noticed now there are 15 billion votes for Biden and 7 billion votes for Trump how could this have happened I say" said Sholmes

"I dont know" said John Phoenix

John Phoenix decided to investigate the forgeries He brought them to Iriss house and she used fingerprint dust to reveal there were fingerprints on all of Donald Trumps votes and they belonged to someone who lived across the street John Phoenix and Iris went to the house and gave three firm hard knocks on the dense wooden door They waited as John Phoenix tapped his light foot on the gray ground below him until a boy opened the door He was a small boy he looked like he got a fail in English and every school class possible

"hi" said the boy "i am dylan fitchar"

"Hello Dylan Fitchar" said John Phoenix and he took out his handcuffs "you are under arrest"

"WHAT" shouted Dylan and he got dragged to the floor and arrested by John Phoenix

John Phoenix brought Dylan to court

"The court is in session" said the Judge

"The defense is ready your honor" said John Phoenix "I promise Dylan will go to jail"

"Uh this wont do you are the defense"

"Yes but I am accusing Iris Wilson of forging the fingerprints and that they are actually hers" said John Phoenix

"WHAT" shouted Iris

"But Im also defending her" said John Phoenix

"Oh ok" said Iris

"Well as long as the truth is found I see no problem with it" said Judge "OK as of now the defendant of this trial is Iris Wilson"

"Wait Johnny" said Iris "I just realized if you lose I GO TO JAIL"

"OH NO" shouted John Phoenix "I better not lose this dont worry Iris I wont let them arrest you"

"Thank you" said Iris

"Damn you John Phoenix" said the smart blue man named Storm Sente "I was prepared to prosecute DYLAN oh well

I suppose I can still win" Storm took out a document "Dylan Fitcher I mean Iris Wilson is accused of forging fingerprints to make it look like people were committing voting fraud for Biden, but it was actually her"

"OBJECTION" shouted John Phoenix "According to official forensics *the fingerprints werent forged!*"

"WHAT" shouted Storm "IMPOSSIBLE!"

"Sorry Sente you should have come prepared" said John Phoenix

"But the defendant changed"

"That is no excuse because I came prepared for that so so should you"

"No" shouted Storm dramatically

"Now these prints match Dylan" said John Phoenix

"but how do you know they are forged" said Dylan

"Its simple" said John Phoenix "There are only 7 billion people in the world so EXPLAIN WHY THERE ARE 15 BILLION VOTES FOR BIDEN?"

"WHAT" shouted Dylan "I CANT BELIEVE IT I COUNTED WRONG" and then he died and counted the steps to hell

"Okay guys but after examining the votes Trumps votes are forged too" said the Judge "But how" said Sholmes

"I dont know" said Judge "But that is not the question if Trump cant be the president" said the Judge " then who?"

"I have an idea" said John Phoenix

### **JANUARY 20**

"Hello my people" said John Phoenix "I am John Phoenix and I am your new president! I promise to make The United States of Japan great again!"
