Summary: John Phoenix gets lost in the forest, can he find his lost uncle with a horde of angry cult members trying to kill him?

***Chapter 1*: John Phoenix Goes to Resident Evil 4**

John Phoenix was traveling in his little plane with his Uncle Phoenix. Suddenly a bolt of lightning struck his plane and he and his uncle fell out! His uncle flew away at a stupid angle because he is stupid, while John Phoenix fell a perfect straight line downward and landed gracefully on his feet. He imagined his uncle falling flat on his face and laughed.

Now, time to get down to business.

John Phoenix walked through the forest that he landed in and found a little village that was burning a man alive. John Phoenix tried to use his psychic powers to stop them, but the man was already dead, and everyone celebrated!

"I guess this isn't the Hundred Acre Wood," John Phoenix muttered.

Then, another guy came and started shooting the villagers up!

"That guy's murdering them! I must stop him!" said John Phoenix.

The guy who was named Leon continued shooting people but they punched back so he ran into a house and boarded the place up and started shooting people from the upstairs window.

But then a guy with a chainsaw broke a hole in the wall and ran up the stairs to get him!

"Sorry, wrong house," said Leon and he did a backflip out the window!

But instead of landing on solid ground he was caught by John Phoenix!

"Your vicious slaughter ends today, Leon!"

John Phoenix and Leon fought it out and the chainsaw guy came at them but Leon parried the chainsaw with a butterknife and kicked him away. "This fight belongs to me and John Phoenix!"

Just then the bell started ringing and everyone walked away.

"Where's everyone going?" said Leon.

"Bingo," said John Phoenix and everyone applauded his sharp wit.

"Shit I've got to hurry and find Ashley," said Leon. "Because she's the president's daughter who was kidnapped by these cult freaks."

"Okay I'll do that. Maybe I'll find my uncle, too. You can help," said John Phoenix.

But Leon was no help at all.

Because John Phoenix started walking in a seemingly random direction, but it was not actually random, he was using his instinct to determine Ashley's precise location, so he went there.

Leon kicked the door down.

"Ashley Graham?" said Leon and he got smacked in the face by a candlestick!

"Who are you!" Ashley screamed.

John Phoenix kicked Leon down.

"Ashley Graham?" said John Phoenix.

"JOHN PHOENIX WOW!"

But then Salazar and Lord Saddler appeared!

"Hee hee hee hee you will stay here forever Mister Kennedy and all your little friends too!" said Salazar.

"No thanks bro!" said Leon and he stood up and shot at him but he missed because he was dizzy after Ashley hit him.

John Phoenix shoved Leon away.

"It'll take too long for you to kill him, let me do it!"

John Phoenix swung at Salazar with a psychic knife and suddenly blood was bursting out of his wrist!

"Hey look guys Salazar's right hand comes off!" said Leon but nobody laughed.

John Phoenix called the cops and Gumshoe came and arrested Salazar and Saddler.

But Salazar slipped his cut-off wrist through the handcuffs and escaped.

"Oops," said Gumshoe. "Oh well at least we caught Saddler, you're going on trial for abduction, pal!"

COURT

"Court is in session for the trial of Luis," said the judge.

"OBJECTION?" said John Phoenix. "We arrested Saddler!"

"That, my flabbergasted lost lamb," said Saddler, "is cause I **framed** him! Ho ho ho!"

"Okay so Luis definitely did it, right?" said the judge who is deaf so he did not hear that.

"OBJECTION!" shouted John Phoenix. "No he did not, and I have proof!"

John Phoenix warped the courtroom back to Spain and they searched the castle some more until they found his uncle locked in the dungeon.

"John Phoenix you finally found me!" Phoenix barely managed to say with a raspy voice.

John Phoenix pulled his uncle out of the dungeon. Phoenix tried to hug his nephew and exchange other foolish sentimentalities but John Phoenix ignored him and started dusting his uncle for fingerprints.

He found Saddler's prints on his uncle.

"A THOUSAND CURSES ON YOU!" Saddler screamed and then he turned into a vicious monster and everyone said "eek!"

Leon readied his gun.

"Let's go monster-hunting John Phoenix," said Leon.

John Phoenix and Leon fought the creature together, John Phoenix assailed it with badass, flashy attacks while Leon pelted it with little bullets.

"I'll give you a holy body!" said Leon, and he grabbed a holy sharp weapon and plunged it into Saddler's eye!

And it DID give him a holy body! Because instead of dying, Saddler's body turned a disgusting shade of green!

"Holy shit," said Leon. "It's a creature way out of my league... JOHN SADDLER!"

Then John Saddler flew up into the sky and prepared to fire a giant laser beam to destroy the world and Leon and even John Phoenix couldn't fight it because it was too powerful!

John Phoenix grabbed the arm of his uncle, who was still weakly lying on the ground until then.

"I think it's that time again, Uncle" he said.

"Yeah!" said Phoenix.

And then John Phoenix and Phoenix fused to become Phoenix Phoenix for the first time in years!

Phoenix Phoenix flew at John Saddler and their immense power caused him to blow up into tiny particles!

"I wish you a safe recovery," Leon saluted the pieces of John Saddler that were now floating around in space and the

entire world was saved thanks to Phoenix Phoenix!

The End.
