## **\*Chapter 1\*: John Phoenix Sings!**

John Phoenix was in Japan because he wanted to visit the homeland of his friends Ryunosuke and Susato. However they forgot to tell him where exactly they lived so he wandered around searching house after house to no success.

Eventually after wandering green fields for hours he made it to a town called Kamurocho. Just then some goons ran up to him.

"Give us your money or we'll murder your whole family!" they shouted.

John Phoenix didn't care because his only family is Phoenix. But then they threw a punch at him!

John Phoenix grabbed the fist and threw the owner at the rest of the guys! That was for lying. Then he was angry. How dare these people attack him of all people? John Phoenix grabbed the unconscious attacker by the collar and noticed there was a badge on his lapel, it said "TOJO CLAN."

John Phoenix swore revenge! He ran to find a cab that would take him to the Tojo Headquarters and it was really suspenseful but then he passed by a bar and decided that now was a great time to unwind and have fun. He went inside and sat down and ordered a drink which was water because he is not an alcoholic.

Just then someone came in and ordered a whiskey. John Phoenix slapped him!

"Ow what the fuck!" shouted the man.

"Alcohol is bad for you! It kills people!" said John Phoenix.

The man glared at John Phoenix, even though he was already glaring when he came in.

"Who do you think you are?"

"You don't even know who I am?! I am John Phoenix the most legendary defense attorney in the world!"

"And I'm Kiryu. *Kazuma* Kiryu," he said as if that was supposed to scare him.

"Now now boys no fighting in the bar," said the bartender. "If you must fight how about we settle this matter with a friendly bit of competition?"

The bartender turned on the karaoke machine.

"Highest score wins," he said.

"Okay, prepare to lose old fucker," said John Phoenix.

Kiryu went first so he took the mic and started up his favorite song. But then as his first line was about to come up, his permanent scowl finally broke and a bead of sweat rolled down his face.

"DAME DA NE... fuck I forgot the rest," he cried and fell to his knees and got 0 points because that wasn't even the right line!

John Phoenix smirked as he took his turn, he turned on his favorite song and grabbed the microphone.

"Row, row, row your boat, gently down the stream, merrily merrily merrily merrily life is but a dreeeeam!" he sang.

It was a short but effective performance that was 100% accurate so he got 100 points and the Dragon of Dojima was defeated!
