***Chapter 1*: John Phoenix Stops Online Harassment**

John Phoenix was on Organizers Dot Net, a forum run by fans of the Ace Attorney series for discussion of the series that they are fans of. It was an official website and Capcom used it to distribute some of their games, including Ace Attorney 7, The Great Ace Attorney 3, Professor Layton VS Phoenix Wright & Storm Sente, and of course John Phoenix: Ace Attorney. It was a good site.

John Phoenix went onto his favorite subforum, the Phoenix & Co. Law Offices section where the best game in the series is discussed. That was when he saw the top topic.

"John Phoenix fucks children!" said the topic title.

John Phoenix was enraged! He fell onto the floor and rolled around in anger.

Uncle Phoenix came in.

"John Phoenix, are you okay?!" said Phoenix.

"NGARRRHAGHHGAHAGHHGHHHHHH!" screamed John Phoenix.

Phoenix examined the computer and saw the source of his anger.

"Such unacceptable behavior will not be tolerated on our forums," said Phoenix. He went to delete the post and ban the user when John Phoenix grabbed his arm.

"No, Uncle. Do NOT do that!"

"Why?"

"One: I am logged into my own account. You cannot do actions with my account. That is against our Terms of Services. If you want to ban this degenerate you have to log into your own account."

"Oh, right," said Phoenix.

"Secondly, my real point: if you remove him and his post from our site now, we'll never be able to track him down!"

John Phoenix got onto his computer and got the guy's IP address and traced it to Cape West Apartments. His target was set.

John Phoenix and his uncle got in the car and drove to New York where Cape West Apartments was. They ran up to the third floor and John Phoenix slammed his fist against the door to Dylan Fitchar's room.

"There's nobody home," said Dylan from inside. John Phoenix kept punching the door until it broke. They ran in and pointed guns at Dylan.

"Dylan! You bullied John Phoenix online and for that you shall pay!" said Phoenix.

"No I didn't, you can't prove it," said Dylan.

"We traced your IP address! That proves it was you!" said John Phoenix.

"Wrong! Everyone in this building shares the same IP address, meaning anyone here could've done it. Why don't you point that piece at that layabout Tony instead?" Dylan said with a smirk.

"No, Dylan. You are the only one likely to do it. It may not be proof that would hold up in court but we're not here to punish you legally. We are here to murder you!"

"Aw shit!"

Dylan threw a brick at Uncle Phoenix!

"Uncle!" shouted John Phoenix, and as he did, the brick bounced off his uncle's head and went through the window! Dylan Fitchar jumped out the newly broken window!

"No! After him!" shouted John Phoenix and he jumped out the window too.

Dylan Fitchar ran away but the police were on him in an instant!

"Get lost, coppers, John Phoenix can't prove I did anything!"

"Maybe not him, but we can!" barked Tobias Gregson. "We found your fingerprints on your computer's J, O, H, N, P, E, I, X, F, U, C, K, S, L, D, and R keys!"

"Those are all they keys you need to type "John Phoenix fucks children!"" John Phoenix pointed out.

Dylan Fitchar went to jail.
