Summary: John Phoenix solves the murder caused by this scorching summer heat. CAN HE DO IT? I just said he did...

***Chapter 1*: John Phoenix Turnabout Heat**

It was a hot day in Los Angeles and John Phoenix was on his way to his office. He had gone out on a break and left his uncle on his own, so he had to get back fast before he did something stupid again, like investing in Bitcoin.

However, on his way back, a car stopped next to him and a familiar, large man stepped out.

It was Kuraudo Ooishi! The father of Dylan Fitchar!

"Dylan's dad! What the fuck do you want!" snarled John Phoenix.

"Nfu fu fu there's no need to be scared my friend!" Ooishi grinned. "I'm here on detective business for once."

John Phoenix was curious. It was a rare day Ooishi would actually do his job. Could he be investigating something?

"But my it's so hot out. Let's talk in my car, it's got the AC on!"

John Phoenix got into the car which was good because it was air-conditioned, just like his office, which is good.

"You know John Phoenix there've been a lot of people dying recently. Very mysterious! Could be the curse of Oyash-"

"Curses aren't real, stupid," said John Phoenix and he got out. He had no business with idiots who believed in cult nonsense that wasn't Kurain.

But still, he had to wonder why people were dying...

John Phoenix made it to the office and opened the door.

AND HIS UNCLE WAS LYING DEAD ON THE FLOOR!

"Uncle Phoenix!" shouted John Phoenix. "I can't believe this! A new, fun mystery to be solved!"

John Phoenix was excited to have a challenge. So he decided to solve it.

John Phoenix did an autopsy examination of the body then started writing an autopsy report. He couldn't wait until he was done so then he could read it and find out how his uncle died.

And then he was done! He began reading.

"Cause of death was... heat?" said John Phoenix.

"Yes," said Prosecutor Edgeworth (they're in court now). "Wright couldn't handle the heat on this hot day so he decided death was the only option."

"OBJECTION!" shouted John Phoenix. "It couldn't have been too hot! My office is AIR-CONDITIONED!"

"OBJECTION!" shouted Edgeworth. "That's impossible! We found no traces of there being any air conditioners in the office that day!"

"My my, how mysterious," said the judge. Then he started sweating. "Whoof, is it hot in here or what?"

Then the judge died too!

"HOLY FUCK THE JUDGE'S DEAD TOO!" shouted John Phoenix.

"What! Why isn't the courtroom air conditioned?" said Edgeworth.

THE DOORS BURST OPEN AND SCHADEN FREUDE RAN IN!

"HELP HELP SOMEONE STOLE MY AIR CONDITIONERS!" shouted Schaden Freude and then he melted like a snowman (Schaden Freude is from Contempt of Court by Cardiovore).

"TAKE THAT!" shouted John Phoenix. "As you can see, someone's been running around stealing everyone's air"

conditioners! That's how everyone's been dying!"

"But WHO?" said Phoenix.

"It's obvious! There's only one person I've met today who had air-conditioning, and that was Kuraudo Ooishi!"

"Fuck he saw through my trick!" said Ooishi!

Then Ooishi got in his car and sped away!

"He's speeding! Stop him!" shouted Gumshoe as they gave chase but they were going under the speed limit to not be hypocrites, so Ooishi got away.

"Thanks for solving my murder John Phoenix," said Phoenix.

John Phoenix ignored him and went to bed.

The End!
