Summary: Ryuunosuke has to save the series from never being localized again!

***Chapter 1*: Ryuunosuke Naruhodou Turnabout Ameba**

One day, Ryuunosuke Naruhodou was sitting on a step outside Capcom HQ in the rain. He may have been wet, but he was waiting there for the localization of Dai Gyakuten Saiban - Naruhodou Ryuunosuke no Bouken to Kakugo.

Then he got bored of waiting, so in the fashion of Barok van Zieks he slammed his foot against the door to the building.

"Hey, Capcom, where's DGS?" he shouted.

The slot on the door slid open.

"Not coming," said Capcom.

"What!" shouted Ryuunosuke. "But you said we'd do it, it was in the documents stolen by Dylan Fitchar!"

"Plans changed."

The slot slid shut.

Ryuunosuke had to figure out why Capcom didn't want to localize DGS any more. He went onto the internet and googled why Capcom won't release Ace Attorney games, and he got a search result from the Ace Attorney subreddit.

Ryuunosuke's expression turned grim. He had heard terrible tales about Race Attorney, so of course it would be them who would be responsible!

He clicked on the link and it took him to a thread from 2016 called "Well guys, we may never get another Ace Attorney game after today."

"I get that AACJ is for shitposts, but there reaches a point when it stops being funny and starts being just... shameful. Idiots like that who ruined Ameba Fresh are pricks, nothing more," said the redditor.

"Ahaha," said Tobias Gregson who was there the whole time. "So that means it were the blokes behind AACJ who done it."

Gregson arrested AACJ, but Ryuunosuke was suspicious because the redditor who posted this was marked as [deleted] which meant they were hiding their identity, which only made the infamous Race Attorney even more suspicious. He decided AACJ was probably being framed so he defended them.

"The court is in session for the trial of Ackh-juh," said the judge.

"The defense is ready," said Ryuunosuke.

"Also, it's Ay Ay Sea Jay, My Lord!" Susato corrected the judge's mistake cause he said AACJ like a word.

"SHUT UP!" shouted Barok. "A pointless remark from a pointless Japanese insect. Get out of my court at once!"

"No," said Susato.

Barok was defeated in an argument already, but he would not give up on his case.

"5 years ago, AACJ shitposted on the Ameba Fresh stream. Capcom was associated with this stream, and this incident prompted them to stop making Ace Attorney games. We of the Ace Attorney universe, are suing them for ruining our chances of ever getting another game localized!

Barok called Capcom to testify.

"So, the Ameba Fresh stream was going on when suddenly the chat got flooded by spam from people of the West. They posted memes and demanded we localize the DGS games, so clearly Westerners are entitled brats so none of them deserve our games. We believe these people to be from AACJ.

"HOLD IT!" shouted Ryuunosuke. "How can you be sure they're from AACJ?"

"They said Shymain a lot," said Capcom.

"Incidentally, Shymain is a user of Race Attorney and he was a meme in the AACJ community at the time," said Barok. "This definitively ties the incident to AACJ!"

"YAAAAAAAAAAAAAH!" Ryuunosuke smacked his back against the wall and fell on the desk.

"HOLD IT!" shouted Susato. "We should hear from AACJ about this!"

"But AACJ isn't a person," said Barok.

"Send a representative then!"

"Okay fine."

A member of AACJ came in and testified.

"Agreed. It was over the top. I don't appreciate that at all."

"HOLD IT" shouted Ryuunosuke. "Witness, who are you, exactly?"

"I am Shymain," said Shymain.

"IGIARI!" shouted Ryuu. "That's the name that was being spammed!"

Barok slammed his leg on the desk. "Stupid Japanese boy who is stupid for being Japanese for I am racist," said Barok. "Shymain being with AACJ only proves that the culprit was AACJ! Who would be more likely to spam Shymain's name... than Shymain himself!"

"IGAIRI!" shouted Ryuu. "Your reasoning is backwards! Why would AACJ spam Shymain's name if he was one of their members? That would be blatantly self incriminating!

"But then who else could have spammed Shymain's name?" asked the judge.

"There's only one other group of people who would know to associate the name Shymain with Ace Attorney, and that is the other AA community Shymain was involved in. RACE ATTORNEY!"

Race Attorney got downvoted into oblivion. That's their breakdown.

"I declare AACJ NOT GUILTY!" said the judge.

Ryuunosuke and Susato met with Capcom after the trial.

"I knew you had what it took," said a voice behind Capcom. Ryuu and Susato looked over John Capcom's shoulder and saw John Phoenix was there! "I knew you would fight for what was important to you, so I knew you wouldn't need my help. You are far more competent than my uncle after all!"

"Thank you John Phoenix!" said Ryuunosuke.

"Yeah anyway he convinced me to localize DGS but there's one condition," said Capcom.

"What?"

"We have to take away your U's," said Capcom.

"WHAT NOOOOO!" cried Ryunosuke Naruhodo.

The End.
